## THE LINKS

The Links is unique to South Africa and Host of The Presidents Cup 2003. Created by the Gary Player Design Company, over 700 000 cubic meters of earth was moved to transform flat land into undulating dune-style terrain. Every hole received detailed attention to ensure that the overall balance in terms of length, position of hazards and shot values are in harmony. As a result, The Links is a true Championship course and a challenge in all weather conditions. The course has received fantastic reviews from players such as Jack Nicklaus, Gary Player and Ernie Els.
